# Origin of Life & Universe

Wonderful Opportunity to Hear Lectures  
from World Leading Creation Scientists.

## Dr. Werner Gitt (Information Science)

Born in 1937 at Raineck, East Prussia (Germany)

Research in the field of information science, numerical mathematics and control engineering. His many original research findings have been published in scientific journals.

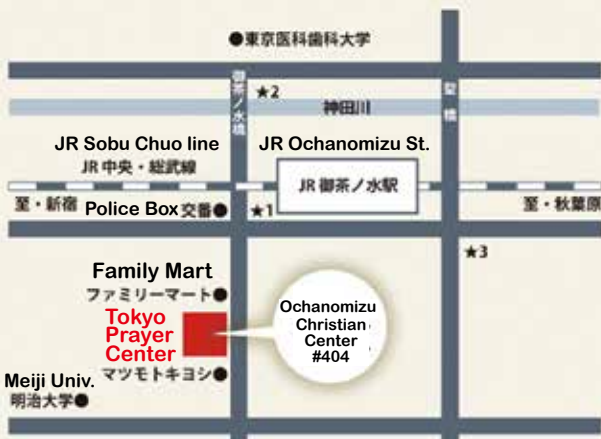

Author of several popular books on the subject of biblical faith and science.

## Dr. John Hartnett (Physicist/Cosmologist)

Born 24 March 1952 in Manjimup, Western Australia), is an Australian Cosmologist, and a Christian with a biblical creationist worldview. He has been active with Creation Ministries International and is known for his opposition to the Big Bang theory[3] and criticism of the Dark Matter and Dark energy hypotheses.
